## **Interdisciplinary Feeding Clinic**

Our program has been developed to provide outpatient evaluation services for children with feeding difficulties requiring the services of three or more disciplines. Our team consists of a variety of specialists including Pediatrics, Developmental Pediatrics, Psychology, Nursing, Clinical Nutrition, Occupational Therapy, and Speech Therapy. Depending on your patient's needs, we will have appropriate specialists available at their appointment. The patient's plan of care is coordinated between disciplines at one convenient appointment for the family, thereby reducing cost and valuable time.

## For Referrals to The Clinic

- Complete a Medical Specialty Clinic Patient Referral Form and fax to Nationwide Children's Hospital Dublin *Close To Home*<sup>SM</sup> Center, Attention: IFC. Fax: (614) 355-8410.
- You may also call our office at (614) 355-8400.
  Please leave a detailed message including the patient's name and phone number, reason for referral, and a phone number where you may be reached.
- Please also feel free to contact us with further questions about our new clinic. We look forward to working with you to better serve your patients and their families!
