

June, 2013 – Updates for Nursing Instructors at NCH

As I celebrate my one year anniversary of working with the Schools of Nursing I want to express my gratitude for all your words of encouragement, your shared expertise, and especially your patience. Enjoy your Summer!

~ Kim Kelly, RN, BSN, CPN

New password criteria are being implemented to increase the security of our protected health information. The students will need to create their new passwords based on the information below. And, the student's initial password will be changing from "12345678" to "Hospital1". Please see the accompanying attachments for further information.

The standard is that the new password should meet 3 out of 4 following categories:

- English uppercase characters (A through Z)
- English lowercase characters (a through z)
- Base 10 digits (0 through 9)
- Symbols except the ones mentioned below

And should not include first name, last name and these symbols [] \ { }

The Deans, Directors and Faculty meeting will be held July 25, 2013 at 12:30 pm in Stecker Auditorium. During this meeting important information is shared, old friends and acquaintances reconnect, and of course the Observation Book for the next year is officially opened. We want as many of you as possible to attend but we hope there will be at least one representative from each school. Watch your emails for the official invitation with RSVP dates.

New Faculty Orientation dates for the summer are June 11, July 16, and August 8. These three classes are all held at 255 E. Main St. from 1-5 pm. Don't forget, anyone who has not taught clinicals at NCH must go through this one time class...even if they are an employee of NCH. You can register through our website at NationwideChildrens.org.

The 2013-2014 Clinical Schedule is in the Unit Manager's approval phase. Once any changes are made from that phase the schedule will be emailed to the schools. We are anticipating you will have this information by the end of June.
