- **Pediatrics Online:** The bi-monthly electronic newsletter featuring medical stories, clinical case studies, research announcements and other news from Nationwide Children's Hospital.
- **Pediatric Directions:** A bi-annual publication highlighting unique clinical case studies, medical news and research developed by pediatric specialists at Nationwide Children's Hospital.
- **Critical Measures:** Pediatric critical care articles developed by Nationwide Children's specifically for regional EMS and critical care personnel.
- **Surgical Scene:** A presentation of surgical case studies developed by Nationwide Children's perioperative services for surgeons and referring physicians.
- **Research:** The twice-yearly *reSearch* magazine is designed to inform and inspire readers by highlighting scientific initiatives under way at The Research Institute at Nationwide Children's Hospital.

Free Online Medical Books and Journals

Free Medical Journals Online is a site that contains access to over 1500 medical journals, although sometimes there are several months before they are available:

<http://www.freemedicaljournals.com/>.

BioMED Central is a publisher of 207 peer-reviewed open access journals, and is at:

www.biomedcentral.com.

Medscape from WebMD offers specialists, primary care physicians, and other health professionals the Web's most robust and integrated medical information and educational tools. After a simple, 1-time, free registration, Medscape from WebMD automatically delivers to you a personalized specialty site that best fits your registration profile. It can be accessed at:

www.medscape.com.

Public Library of Science has peer-reviewed open access journals in biology and medicine at:

<http://www.plos.org/>.

Pubmed Bookshelf aggregates electronic versions of textbooks, monographs, and text-based databases with biomedical themes. All books are fully searchable, and search results are ranked to display the most relevant first. Check it at:

<http://www.ncbi.nlm.nih.gov/sites/entrez?db=books>.

PubMed Central is a free digital archive of biomedical and life sciences journal literature at the U.S. National Institutes of Health. It is located at:

<http://www.ncbi.nlm.nih.gov/pmc/>.
