Memorial Patron Will Call (MPWC) volunteers will check photo I.D. to assure that the person picking up the badges is the person on your guest list. A volunteer will assign your guest a badge and record the badge number before your guest signs "out" the badge. As your guest returns the badge and signs it back "in" a volunteer will check for the correct badge number. It is your company's responsibility to assure that all badges are returned to MPWC each day by 7 p.m. for the next day's use. You are welcome to check in with MPWC at the end of each day to verify that all company badges have been returned or to obtain the names of the guests who have not returned a badge. The MPWC will not be responsible for calling you to inform you of unreturned badges.

Memorial Patron Will Call will NOT be holding your guests' driver's licenses in exchange for our company's Tournament badges. Once a badge is released to your guest, MPWC is not responsible for the badge, or its return. Nationwide Children's Hospital, The Memorial Tournament, The Women's Division Committee and our volunteers will not be held responsible for unreturned, lost, stolen or otherwise unavailable badges.
