aMAZING Fill-in-the-Organ
With a pen or pencil draw the path your digestion makes through the body. Write the names of the organs (from the Word Bank at the bottom of the page) that you find along the way!

Your

and

send bile to help break down fats.

takes nutrients & extra water from chyme & uses billions of bacteria to make poop!

takes vitamins and minerals out of chyme.

THE END of the journey.

Now your body has absorbed water and nutrients from your food, and send the rest out in a Peristaltic Rush! (You ___ ___ ___!)

WORD BANK:

☐ ESOPHAGUS ☐ GALL BLADDER ☐ LARGE INTESTINE ☐ LIVER

☐ PANCREAS ☐ POOP ☐ SMALL INTESTINE ☐ STOMACH
