HOME IMPROVEMENT

- The Home Weatherization Assistance Program (HWAP) provides eligible Ohioans with assistance to improve the energy efficiency of their homes and reduce their energy costs. Ohioans with a household income at or below 200% of the federal poverty guidelines are eligible for the program. Priority is given to Ohioans who are older than age of 60, those with disabilities, those with children in the home, and households with a high energy usage and/or burden. All families who have received assistance any time during the last 12 months under Supplemental Security Income (SSI), Temporary Assistance for Needy Families (TANF), or Home Energy Assistance (HEAP) (does not include Emergency HEAP) are automatically income eligible for weatherization services. Please remember an application must be submitted to apply for services.

To apply for HWAP, consumers should contact us. Home Energy Assistance Program (HEAP) applicants may apply for HWAP by checking the box for weatherization on the online application at www.energyhelp.ohio.gov.

HWAP services include:

- **Attic, wall, and basement insulation**
- **Blower door guided air leakage reduction**
- **Heating system repairs or replacements**
- **Health and safety inspections and testing**
- **Electric baseload measures which address lighting and appliance efficiency**

UTILITIES

The Electric Partnership Program (EPP) helps eligible Ohioans reduce their electricity usage in their home. The EPP provider performs in-home audits and installs appropriate energy efficiency measures to reduce electric usage. Ohioans are eligible for EPP if they are on or eligible for the Percentage of Income Payment Plan Plus (PIPP) or have a total household income that is at or below 150% of the federal poverty levels.

To be eligible for the program, Ohioans must also:

- Have 12 months of electric usage at their current address;
- Have an annual electric baseload usage of at least 5,000 kWh, and;
- Live in the service territory of one of the following Ohio electric companies:
 - American Electric Power
 - Duke Energy
 - Dayton Power and Light

WarmChoice Income Guidelines

Yearly income guidelines for 2023 are as follows:

Household size	Income
1	up to \$27,180
2	up to \$36,620
3	up to \$46,060
4	up to \$55,500
5	up to \$64,940
6	up to \$74,380

For families/households with more than eight (8) members, please contact us.

Home Energy Assistance Program (HEAP)

Regular HEAP

Regular HEAP is a federally-funded service designed to assist income-eligible Ohioans with their winter heating bills. Eligible customers receive a benefit in the form of a one-time credit toward their energy heating bill. The total household income must be at or below 175 percent of the federal poverty guidelines. Both homeowners and renters are eligible. You may apply for this assistance from July 1st thru March 31st.

Winter Crisis Service (“Emergency HEAP” or E-HEAP)

Winter Crisis Service (also called “Emergency HEAP” or E-HEAP) is an emergency component of HEAP, helps provide assistance to income-eligible households that are threatened with disconnection of their heating source; have already had service disconnected; need to establish new service or pay to transfer service; or in the case of bulk fuel customers, only have 25 percent or less of the tank’s fuel capacity on hand. You may apply for this assistance November 1st thru March 31st.

Summer Crisis Service (“Summer Cooling” or LI-HEAP)

Summer Crisis Service (also called “Summer Cooling” or LI-HEAP) provides financial assistance to income- eligible Ohioans to help with their summer cooling costs. Ohioans at or below 175 percent of the federal poverty level who are age 60 or older or with a certified medical condition are eligible. **You may apply for this assistance July 1st thru September 30th.**
Percentage of Income Payment Plan (PIPP) Plus

Percentage of Income Payment Plan (PIPP) Plus helps income-eligible customers manage their energy bills year round. The service allows customers to pay their energy bill based on a percentage of their income each month. To be eligible for this service, a customer must receive his/her electric or gas service from a company regulated by the Public Utilities Commission of Ohio (PUCO), must have a total household income which is at or below 150 percent of the federal poverty level, and must apply for all energy assistance services for which he or she is eligible. **You may apply for this service year round.**

Requirements for Assistance By The State Of Ohio

Proof of gross income for all household members 18 or older for the last 30 days or 12 months

Most recent utility bills (gas and/or electric) regardless of account status

Proof of Disability, if applicable

Birth Date and Social Security Cards for all household members

UTILITIES

Community Action Committee of Pike County - HEAP

740-289-4525

- Summer Crisis Program Starts July 1- Sept. 30, 2023
- Assists low-income households with an older household member (60 years or older) or who can provide physician documentation that cooling assistance is needed for their health, have a disconnect notice, have been shut off, are trying to establish new service on their electric bill, or require air conditioning.
- Assistance paying an electric bill
- AEP Community Assistance Program (AEP CAP):
 - The AEP CAP program is meant to reduce the baseload electrical usage in the homes of American Electric Power customers. Baseload usage is the amount of electricity used in a home minus the heating and cooling usage. In this program, we can replace incandescent light bulbs with compact fluorescent bulbs (CFL), install water saving showerheads, and replace inefficient refrigerators and freezers. You must be an AEP electric customer [at or below 200% of poverty level](#) to qualify for this program
- Electric Partnership Program (EPP):
 - The EPP program is very similar to the AEP CAP program. It is designed to reduce the baseload electric usage in homes. We can replace incandescent bulbs with CFL bulbs, install water saving showerheads, and replace inefficient

refrigerators and freezers through the EPP program. The qualifications for this program indicate that you must be an AEP (American Electric Power) customer, be on PIPP with AEP, and have at least twelve (12) months of electrical usage on your active AEP account
