Overview of Meaningful Use in 2014

What Stage will you demonstrate ?

If you demonstrated MU Stage 1 for the first time in 2011 or 2012 > [Demonstrate Stage 2 in 2014](#)

If you demonstrated MU Stage 1 for the first time in 2013 > [Demonstrate Stage 1 in 2014](#)

If you plan to begin in 2014...

If you first demonstrate MeaningfulUse in 2014, you must demonstrate MeaningfulUse for a 90-day reporting period in 2014 to avoid the payment adjustment in 2015. We are recommending that providers begin their reporting period at the latest by June 15th 2014 and attest for MeaningfulUse no later than October 1, 2014, to avoid the payment adjustment.

** Clinical Quality Measures reporting will be based on the 2014 eCQMs regardless of the Stage you are demonstrating in 2014.

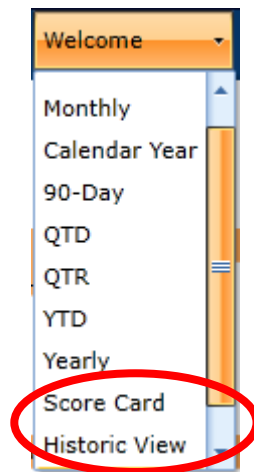

2014 Reporting Period

Regardless of their stage/year of MU, EPs demonstrate MU for a three-month period in 2014:

- (a) Medicare EP beyond their first year - Calendar Quarter – Q1, Q2, Q3 or Q4
- (b) Medicare EP in their first year of MU - Any 90 days
- (c) Medicaid EPs* - Any 90 days

* For more information on MU Stage 1 and Stage 2 please refer to <http://my.eclinicalworks.com/>
