

2022 Neonatal/Perinatal Conference Poster Abstract Guidelines

You are invited to submit a poster presentation abstract for the 2022 Perinatal/Neonatal Conference: *"Improving Safety and Quality in Perinatal and Neonatal Care: Current Concepts and Challenges"*.

The conference is devoted to exploring the evidence and challenges associated with achieving quality and safety goals for our families and sick newborns. This conference will be held virtually May 17-19, 2022.

While we're still working on the details of what our video platform can support, it is our goal to have poster presenters available at the poster viewing sessions during conference breaks on **Wednesday, May 18, 2022**. All poster presenters must be registered conference participants.

Submission Requirements:

1. A completed *Abstract Submission Form*. The form should include:

- Title
- Author name(s) with credentials
- Statement of problem
- Methods
- Summary of results
- Implications and lessons learned

2. An abstract about your poster; limited to 500 words

Submission forms and conference information is available at **NationwideChildrens.org/Neonatal-Conference**

The abstract submission form and abstracts for consideration for poster presentation must be received by **April 1, 2022**. Submissions will be accepted by mail, email or fax.
