NEWS YOU CAN USE

OSU College of Medicine Annual Education Symposium

Please save the date of Wednesday, January 24, 2024, for The Ohio State University College of Medicine’s Annual Education Symposium, a daylong event to discuss relevant topics for health sciences education and to showcase current educational research.

This year’s theme is “An Introduction to AI for Health Sciences Education.” Topics will include artificial intelligence (AI) tools, trends and considerations, and other emerging technologies for health sciences education. This event is free and open to any faculty, physicians, staff, or students at the College of Medicine, Wexner Medical Center or Nationwide Children’s. Visit go.osu.edu/AES2024 for more information.

Information Regarding Hospital Pagers

Please follow these guidelines when dealing with hospital pagers:

- **New pager requests:** Submit all new pager requests to IS Service Now. Pagers left by outgoing staff should NOT be passed to incoming staff. Please return pagers to IS Depot when trainee assignments conclude.
  - Newly activated pagers will be available for pickup in one to three business days.

- **Replacement pager incidents:** If a pager is lost or broken, contact the IS Service Desk to initiate a ticket. For a faster response, contact the Service Desk at (614) 355-3750.

- **Deactivation:** Return all broken and unused pagers in person (preferred) or via interoffice mail to IS Depot at 1015 Ross Hall, First Floor, Main Hospital, Monday to Friday from 8 a.m. to 5 p.m. Please deactivate all personal pagers left by outgoing staff.

COMMUNITY PROVIDER CORNER

Intensive Pain Rehabilitation and Education Program

The Comprehensive Pain Management Clinic assists children and their families in distress from complex and/or long-term pain-related problems. The focus is to help these children, teens and young adults (up to the age of 21 years) regain the parts of their lives that pain has taken away. The clinic offers a multidisciplinary team that supports patients with chronic pain conditions and their families. The goal is to teach the patients and families skills to manage their pain. Patients who participate in our traditional outpatient program attend bi-weekly individualized physical therapy, pain psychology, massage or acupuncture services and monthly medical follow-up visits for several months.
The Intensive Pain Rehabilitation and Education Program (iPREP) offers a higher level of pain treatment. This program is the only intensive outpatient day pain rehab program in Ohio. It is designed for children and teens 10-18 years of age who suffer from debilitating pain, are medically stable and had an inadequate response to outpatient pain management therapies. iPREP is a three-week (Monday to Friday) program that includes individual and group multidisciplinary treatment sessions. This program includes daily parent group sessions and individualized weekly parent meetings. The iPREP team works closely with the primary care provider, referring provider and school to help with a seamless transition back to optimal daily functioning in the home environment.

Patients must be referred to iPREP through the Comprehensive Pain Management Clinic. The team will work with the patient and family to determine which level of pain management is best for each patient. To learn more or schedule a patient at the clinic, visit NationwideChildrens.org/specialties/comprehensive-pain-management-clinic or call (614) 722-3790.

FEATURED PHYSICIAN

Cheryl E. Gariepy, MD, is associate division chief for Research of Gastroenterology, Hepatology & Nutrition at Nationwide Children’s and professor of Pediatrics at The Ohio State University College of Medicine. She is also the associate director of Research of the Pediatric Gastroenterology Fellowship and a vice-chair of the Institutional Review Board for Human Subjects Research in the Abigail Wexner Research Institute. Dr. Gariepy is a member of the Pancreas and Liver Care Center (PLCC), a multidisciplinary care team of experts in pancreatic and liver diseases and the National Pancreas Foundation Center of Excellence in clinical care and research. She received her undergraduate degree from the University of Michigan and her medical degree from Stanford University. She completed clinical training in general pediatrics and pediatric gastroenterology at the University of Texas Southwestern Medical Center/Children’s Medical Center of Dallas. She also completed a three-year fellowship in molecular genetics with the Howard Hughes Medical Institute. She is an editor of the Journal of Pediatric Gastroenterology and Nutrition (JPEN), a councilor for the Growth, Development & Child Health section of the American Gastroenterological Institute Council, and an investigator in the International Study Group of Pediatric Pancreatitis: In Search of a Cure (INSPPIRE). She has published numerous research articles, presented at international meetings and authored several book chapters. Dr. Gariepy is named among the Best Doctors in America.

MOMENTS IN HISTORY

- In 1997, the Children’s Surgery Center opened.
- In 1998, Dr. Tom Hansen was appointed CEO.

AWARDS & RECOGNITION

Nationwide Foundation Endowed Chair Program

In 2014, Nationwide created the Nationwide Foundation Pediatric Innovation Fund to accelerate the most promising inquiries and innovations in pediatric medicine. A key component of the Innovation Fund has been the creation of a series of endowed chairs. Through the fund and other mechanisms, Nationwide has created 15 endowed chairs at our institution.

Endowed chairs are the highest honor that can be given to a researcher or clinician, and they are vital to recruiting and retaining leaders in the field. Endowed chairs stand in perpetuity for excellence and innovation.

We congratulate the following seven faculty members honored in August as the newest recipients of endowed chairs:

Jeff Bridge, PhD
Nationwide Foundation Endowed Chair of Innovation in Behavioral Health Research

Deena Chisolm, PhD
Nationwide Foundation Endowed Chair in Health Equity Research

Patrick Gallagher, MD
Nationwide’s John E. Fisher Endowed Chair in Neonatal Research

Alex Kemper, MD, MPH, MS
Nationwide Foundation Endowed Chair in Innovative Pediatric Care

Karen McCoy, MD
Nationwide Foundation Endowed Chair in Cystic Fibrosis and Pulmonary Medicine

Jaimie Nathan, MD, FACS
Nationwide Foundation Endowed Chair in Pediatric Transplantation

John David Spencer, MD
Nationwide Foundation Endowed Chair for Clinical and Translational Research
Hyundai Hope On Wheels Supports Pediatric Cancer Research at Nationwide Children’s

In September, Hyundai Hope On Wheels presented Timothy Cripe, MD, and Lynda Villagomez, MD, with a $400,000 Hyundai Hope Scholar Award and a $250,000 Hyundai Young Investigator Award. The Hope On Wheels Hope Scholar and Young Investigator Awards were established to provide funding for innovative research in the childhood cancer field or programmatic support for the selected institution’s pediatric oncology department.

During the event, children at Nationwide Children’s battling cancer participated in the program’s signature Handprint Ceremony to place their handprints on a white 2023 Tucson. Their colorful handprints on the official Hope Vehicle represent their individual and collective journeys, hopes and dreams.

2022 Faculty Awards

Congratulations to all the awardees announced in the August Department of Pediatrics Faculty meeting.

Outstanding Early Career Faculty Investigator:
Genevieve Kendall, PhD; Jamie Jackson, PhD; Rodney Britt, PhD

Outstanding Senior Faculty Investigator:
Lauren Bakaletz, PhD; Mark Hall, MD; Elaine Mardis, PhD

Outstanding Faculty Educator:
Claire Sevov, MD; David Stukus, MD; Hilary Michel, MD

Citizenship Award:
Michael Perry, MD; Berkeley Bennett, MD; Dane Snyder, MD

Master Clinician Award:
Bill Barson, MD; Carol Potter, MD; Warren Lo, MD

Outstanding Mentor Award:
Sarah O’Brien, MD; Pablo Sánchez, MD; Jennifer Muszynski, MD

Outstanding Faculty Advocate:
Sarah Denny, MD

Outstanding Health Equity and Social Justice Champion:
Deena Chisolm, PhD

Dennis Durbin, MD, MSCE, Receives C. Everett Koop Medal of Distinction From Safe Kids Worldwide

Safe Kids Worldwide is a nonprofit organization working to protect children from preventable injuries, the number one cause of death for children in the United States. Each year, they honor the achievements of researchers who have demonstrated outstanding commitment to child injury prevention. Before joining Abigail Wexner Research Institute, first as chief scientific officer and now president, Dr. Durbin was a physician-scientist in the field of motor vehicle safety.

Physician Recognition

Medical staff leadership would like to acknowledge physicians for recently receiving positive comments from patients and families. These comments are only a brief sample of the many compliments our physicians receive regularly.

Allan C. Beebe, MD, Orthopedics
“We came from another state to have his surgery, and it was so worth it. The staff was amazing. My son had the best care, and all my questions were answered and explained. Because of his excellent care, my son is doing wonderfully!”

Charles A. Elmaraghy, MD, Otolaryngology
“Dr. Elmaraghy has been so amazing the last seven years caring for my daughter. She had her final appointment with him, and it was bittersweet. I have felt so much comfort with him being her doctor. He explains things so well and cares so much for his patients. We went through several surgeries with him, and I felt my daughter was in the absolute best hands and had no worries.”

Chelsea A. Kebodeaux, MD, Obstetrics and Gynecology
“Dr. Kebodeaux is such a thorough and thoughtful individual, and along with her whole team, I feel very secure about my daughter’s adolescent years ahead! Thank you is not enough for the reassurance we have.”

Aaron J. Maki, MD, PhD, Pediatrics
“My daughter had UTI symptoms, and the nurse and physician were very sensitive to her privacy and feelings of embarrassment about her symptoms. They took the time to help her feel at ease. Awesome bedside manner. Thank you.”

Alex T. Rakowsky, MD, Olentangy Primary Care Center
“The doctor was absolutely wonderful! He was kind and attentive! I would highly recommend him to anyone! He was efficient but still took time to explain things to me and answered all my questions. He got my sick child smiling and already feeling better with his pleasantness! A perfect 10!”

Walter P. Samora, MD, Orthopedics
“Our family very much appreciated the time Dr. Samora took to explain my daughter’s diagnosis and options. He showed sincere concern and was willing to help us understand in terms we could make sense of. He put us at ease, which is always a priority in my eyes when talking to parents about their child.”
**HOME CARE UPDATE**

**NovemBEARD is Celebrating 12 Years**

It’s mid-October, and plans are in the works for the start of NovemBEARD on November 1! This month-long fundraiser, provided by the Butterfly Guild, is now in its 12th year. During that time, this one event has raised more than $225,000. This year, the Butterfly Guild has set a goal of raising $50,000.

The money raised allows the Nationwide Children’s Hospice and Palliative Care staff to provide more care to more families whose children are facing end-of-life or life-limiting illnesses. Homecare’s Hospice and Palliative Care program staff provide treatment and therapy, enabling each child facing a life-limiting illness to live their best life at home with their family and friends. The care goes beyond the child, as our social workers and child life specialists provide emotional care and support for the entire family surrounding that child, which often includes siblings, parents and even grandparents.

Homecare’s Hospice and Palliative Care program is the only program caring for medically complex infants and children with end-of-life or life-limiting illnesses in the central Ohio community.

Celebrate Homecare, Hospice and Palliative Care Month in November by participating in NovemBEARD this year. The kick-off party is on November 1 at Fado in Dublin. You can join in the fun at the party and other events listed on the NovemBEARD webpage or participate in the online activities. You don’t have to grow a beard to be a part of the fun and raise money to support Homecare’s Hospice and Palliative Care programs. Learn how you can help the Butterfly Guild reach their goal of $50,000 to support Hospice and Palliative Care at Give.NationwideChildrens.org/Novembeard.

**INTERPROFESSIONAL EDUCATION**

**Pediatric Sports Medicine and Orthopedics Conference**

Friday, November 10, 2023

Please join us in person or virtually for the 2023 Pediatric Sports Medicine and Orthopedics Conference. Attendees may choose to attend in person or virtually. Afternoon breakout tracks in sports medicine, rehabilitation, and MSK ultrasound will be available. Register at tinyurl.com/SMED23.

**39th Annual School Health Update Conference**

Friday, December 8, 2023

This year’s conference will include current practice updates in areas like pediatric mental health, chronic disease management and social determinants of health. There will be breakout sessions and hands-on skills sessions in areas such as diabetes management, tracheostomies and g-tubes, and emergency mock codes. We encourage school nurses and other public health professionals involved in caring for children and families through schools to attend. Register at SchoolHealthConference.vfairs.com/en/registration-form.

**Additional Conferences**

To learn more or register for an upcoming conference, visit NationwideChildrens.cloud-cme.com. For information on event and conference planning support, email IPEoffice@NationwideChildrens.org.

- March 1, 2024 Inaugural Ohio Emergency Medical Service (EMS) for Children
- March 13-14, 2024 2024 KUTC Symposium: State-of-the-Art in Congenital Obstructive Uropathy
- April 17, 2024 Otolaryngology Research Symposium
- April 19, 2024 2024 Pediatric Infectious Disease Conference
- May 3, 2024 14th Annual Pediatric Asthma Conference
- May 22-23, 2024 2nd Global Symposium of Research Methodology Innovation in Trauma and Emergency Care
- September 5-7, 2024 Symposium on Targeted Antineoplastic Therapies
**GRAND ROUNDS**

**Pediatric Grand Rounds**

Pediatric Grand Rounds takes place every Thursday from 8 to 9 a.m. A schedule of upcoming and prior recorded sessions is on the Nationwide Children's Physician Connect app and the hospital intranet (ANCHOR) calendar. Learn more about Pediatric Grand Rounds at bit.ly/PediatricGrandRounds.

Upcoming sessions include:

<table>
<thead>
<tr>
<th>Date</th>
<th>Topic</th>
<th>Speaker and Institution/Department</th>
</tr>
</thead>
<tbody>
<tr>
<td>10/5</td>
<td>What Pediatricians Should Know About Artificial Intelligence</td>

**Don’t Miss the Annual MOC Part 4 Deadlines**

Does your MOC cycle end this year? Make sure you’ve met your requirements.

**New MOC4 QI Projects:** Submit all application materials no later than October 15, 2023.

**Credit for existing projects:** Submit a new electronic attestation form no later than November 12, 2023.

For questions, search MOC on ANCHOR or email MOC@NationwideChildrens.org.

**Lounge and Learn**

The Medical Staff Office is pleased to welcome you to the upcoming Lounge and Learn sessions on the second Friday of every month at 7:30 a.m. via Webex. If you have questions or would like to receive session invitations, email Bruce. Meyer@NationwideChildrens.org or Rhonda.Burk@NationwideChildrens.org or call our office to leave a message at (614) 722-4550.

Upcoming Virtual Sessions:

- October 13 – Andrew Tran, MD, Care and Treatment of Elevated Cholesterol
- November 10 – Mahmoud Kallash, MD, Hypertension Update
- December 8 – Justin Indyk, MD, PhD, Updates on the Treatment of Diabetes
- January 12 – Rob Honegger, MD, Hepatitis C Update
- February 9 – James MacDonald, MD, Exercise Prescriptions

Visit NationwideChildrens.org/MedStat for additional information regarding many of these articles.

**Medical Leadership Program**

Applications for the 2024 Medical Leadership Program opened on September 5, 2023. The 12-month interactive program is designed for early and mid-career physicians with demonstrated leadership strengths and identified as high-potential by their leader. For more information, search ”MLP” on ANCHOR, or email Julia.Muehl@NationwideChildrens.org.
To contact the editor, email Catherine.Roebuck@NationwideChildrens.org.
