

Our newest medical staff for your patients

To schedule a referral with a Nationwide Children's Hospital -based physician, please call (614) 722-6200, or fax a referral to (614) 722-4000. You can now also make a referral online. Please visit us at **NationwideChildrens.org**.

Janice A. Townsend, DDS, MS, is the new chief of Pediatric Dentistry

Janice A. Townsend, DDS, MS, is the chief of Pediatric Dentistry at Nationwide Children's Hospital and the chair of the Division of Pediatric Dentistry at The Ohio State University College of Dentistry. Dr. Townsend received her Doctor of Dental Surgery degree from Marquette University's School of Dentistry in Milwaukee. She then earned a Master of Science degree in pediatric dentistry from The Ohio State University College of Dentistry, and a certificate in pediatric dentistry from Nationwide Children's Hospital. Dr. Townsend has been published on a number of topics including dental education, pain management after dental procedures and dentistry for special needs children. Before joining Nationwide Children's, Dr. Townsend was the chair of Pediatric Dentistry at the Louisiana State University Health Science Center School of Dentistry in New Orleans. While in New Orleans, Dr. Townsend was named "Woman of the Year" in 2017 by *CityBusiness*, and named to New Orleans' list "Top Dentists" since 2013.

Shamlal Mangray, MBBS, is the new section chief of Anatomic Pathology

Shamlal Mangray, MBBS, is the section chief of Anatomic Pathology at Nationwide Children's Hospital. For the past 14 years, Dr. Mangray was on the faculty of Rhode Island Hospital and the Alpert Medical School of Brown University, Providence, RI, serving as director of Pediatric and Autopsy Pathology. Dr. Mangray is a graduate of the University of the West Indies Medical School, Jamaica and Trinidad & Tobago. He completed residency in pathology and fellowship in pediatric pathology at Brown, and a fellowship in surgical pathology and cytopathology at Vanderbilt University Medical Center, Nashville, TN. His clinical interests include tumor pathology, specifically integration of ancillary testing, in particular molecular techniques for diagnosis and treatment of patients. He is currently a member of the Board of Directors of the Society for Pediatric Pathologists.
