and diagnosis
Osvaldo Borrelli

8:50-9:10 Pharmacology role in the management of motility disorders
Lusine Ambartsumyan

9:10-9:20 Q&A

9:20-9:30 Abstract presentation

9:30-10:00 Patient/family experience with pediatric intestinal pseudo-obstruction
Moderator: Carlo Di Lorenzo
Panel: Nikhil Thapar, Ornella Spada & Alessandro Palmitelli
(Poic e dintorni (PAO))

10:00-10:20 **Break**

Concurrent sessions

Refractory constipation

Moderator: Leonel Rodriguez, Alejandro Flores

10:20-10:40 Outlet dysfunction: Biofeedback therapy, transanal irrigation, or Botox?
Hayat Mousa

10:40-11:00 The secretagogues: Are they any better than their predecessors?
Karla Vaz

11:00-11:20 What to do when nothing works
Marc Benninga

11:20-11:30 Q&A

11:30-11:40 Abstract presentation

11:40-12:00 Panel discussion: Perspectives on Refractory Constipation
Hayat Mousa, Karla Vaz, Marc Benninga, Richard Wood

12:00-13:00 ***Sanofi/Regeneron Satellite Symposium and Lunch***
First & Only FDA-Approved Eosinophilic Esophagitis (EoE) Treatment
2nd floor breakout room

Concurrent sessions

Getting Your Hands Dirty: Hands-on Motility

Simulation Center (attendees rotate every 30 minutes for 3 sessions)

13:00-13:30	Esophageal manometry and EndoFLIP <i>Neetu Bali Puri, Denise Howe</i>
13:30-14:00	Antroduodenal manometry and colonic manometry <i>Rudy Sanchez, Osvaldo Borelli</i>
14:00-14:30	Anorectal manometry and pelvic floor biofeedback therapy <i>Kim Osborne, Khalil El Chammass</i>
14:30-15:00	Rumination treatment with a standardized patient <i>Ashley Kroon Van Diest, Desale Yacob</i>

Intersection of Nutrition and Neurogastroenterology

Main Auditorium

Moderators: Ala Shaikhkhalil, Shaman Rajindrajith

13:00-13:30	Infant nutrition and early life DGBIs <i>Praveen Goday</i>
13:30-14:00	Modifying the microbiome: Healing the gut-brain axis <i>Robert Shulman</i>
14:00-14:30	Disordered eating and DGBIs <i>Micaela Atkins</i>
14:30-15:00	Break

The Future of Pediatric Neurogastroenterology

Moderator: Rina Sanghavi, Annamaria Staiano

15:00-15:20	Rome V: How many more Romes do we need? <i>Carlo Di Lorenzo</i>
15:20-15:40	Going back to the basics: Moving the field forward <i>Kara Gross Margolis</i>
15:40-16:00	Are we ready for artificial organs? <i>Nikhil Thapar</i>
16:00-16:20.	How technology is transforming pediatric neurogastroenterology <i>John Rosen</i>
16:20-16:30	Q&A
19:00-22:00	Dinner Reception Hilton, Columbus Downtown 402 N High St, Columbus, OH 43215

Saturday September 9th

7:30-8:20 **Breakfast**

Abdominal pain disorders

Moderator: Carlos Velasco-Benitez, Joseph Croffie

8:20-8:40. When is IBS more than just IBS
 Samuel Nurko
8:40-9:00 Patient-Parent-Provider communication: Its diagnostic and therapeutic
 impact
 Desale Yacob
9:00-9:20 The treatment that never fails; Calling the Psychologist
 Miranda van Tilburg
9:20-9:30 Q&A
9:30-9:40 Abstract presentation
9:40-10:00 Panel discussion of challenging cases
 Samuel Nurko, Desale Yacob, Miranda van Tilburg

10:00-10:20 **Break**

It's all about motility: Motility disorders in other diseases

Moderator: Jaya Punati, Anil Darbari

10:20-10:40 MALS, MCAS, and EDS: The new pandemics of PNM
 Craig Friesen
10:40-11:00 DGBIs in patients with mucosal diseases: Diagnosis and therapy
 Julie Khlevner
11:00-11:20 Functional biliary disorders
 Annamaria Staiano
11:20-11:40 Post-surgical care of Hirschsprung disease and anorectal malformations
 Richard Wood
11:40-11:50 Q&A
12:00-13:00 ***Closing remarks and lunch***

End of Conference
