## **REQUEST INFORMATION FORM**

If requesting specimens from more than one specific anatomic site or disease, please complete separate copies of this form. Please be specific about your requirements, including those for storing and handling tissue samples from the time the specimens are collected until they are delivered to your lab (i.e. transport media, refrigeration status, etc.). If requesting tissues with different parameters copy and complete the request information for each tissue type.

REQUEST INFORMAT	ION. BIOSPECI		ATION			
Biospecimens:		☐ Benign	☐ Diseased	☐ Normal		
Primary Organ Site:						
Diagnosis Type(s):						
Solid Tissue Biospecimens Requested:						
☐ Primary Tumor			Required	If available		
☐ Metastatic Tumo	r		Required	If available		
	y Uninvolved Tiss	sue	Required	If available		
☐ Matching Tissue	Other Site (Site:	)	Required	If available		
☐ Normal Tissue			Required	If available		
Fluid Biospecimens R	Requested:					
☐ Body Fluid (Type	<b>)</b> :	)	Required	If available		
Normal Tissue Requir	rements:					
Normal from healthy	donors with no	significant medi	ical condition is ad	cceptable:	Yes 🗌 No 🗌	
Normal or grossly ur	ninvolved from do	onors with non-	neoplastic diseas	e is acceptable:	Yes 🗌 No 🗌	
Normal or grossly ur	ninvolved from do	onors with cand	er or a history of	cancer is acceptable:	Yes 🗌 No 🗌	
TISSUE MICROARRAY SLIDES (see inventory list for current TMA designs)
