Sibshops℠

For siblings of children with autism

2020
Program Description
Brothers and sisters of children with autism have feelings that may be hard to express, even to a friend; sadness that a sister has trouble learning, anger when a brother's behavior prevents the family from doing things other families do, or the special pride when their sibling learns a basic but important life skill.
At Sibshops™, siblings will share these feelings with others who truly understand. Sibshops™ celebrates the many contributions made by brothers and sisters and engages children through fun and games to explore feelings and share information.

What Happens at Sibshops™?
- Siblings meet each other in a relaxed, fun setting
- Talk with others who "get it" about the good and sometimes not so good parts of having a sibling with autism
- Learn how to handle situations commonly experienced by siblings of children with autism
- Learn more about their sibling’s special need
- Provide parents and other professionals with the chance to learn more about the concerns of siblings of children with autism
