

Asthma Express

Nursing visits in your home, help you manage your child's asthma.

Patients report a decrease in asthma flare-ups by 75%.

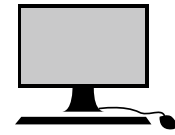

Less missed school days

Less Emergency Department visits

Less inpatient hospital stays

Less missed workdays for parents

Asthma Express Nurses work with Nationwide Children's Hospital medical staff, your child's doctor, asthma clinics, schools (School Based Asthma Treatment), Nationwide Children's Hospital Primary Care Network, Public Health and Social Services, providing you:

A review of medication use

Help identifying your child's triggers

A review of warning signs for flare-ups

Help with creating an Asthma Action Plan

GOAL – Manage your child's asthma: Keeping them healthy, active and in school.

Questions regarding Homecare's Asthma Express Program, call 614-355-1100 or 800-466-2727 and ask how to arrange for a referral, or visit NationwideChildrens.org/Homecare
