

New Legislation Regarding Referrals for Incontinence Supplies

Providers: Please read the below Q&A regarding Incontinence Certificate of Medical Necessity (CMN)

What is changing?

All incontinence CMNs will now require two diagnosis codes:

1. The applicable diagnosis of the specific disease, injury, developmental delay, or developmental disability causing the incontinence.
2. The type of incontinence

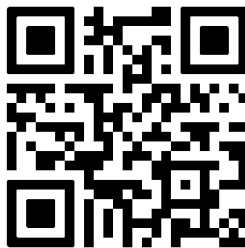

Who does it apply to?

Any Medicaid or Managed Care patient that requires incontinence garments or incontinence supplies.

When does it go into effect?

Immediately. The new rule went into effect July of 2024.
