Important Test Announcement

INSTITUTE FOR GENOMIC MEDICINE TEST INACTIVATION: NGS NEUROBLASTOMA PANEL (NGSNBL)

Test Code: [NGSNBL](#)

Live Date: [12/29/2025](#)

On December 29, 2025, the NGS Neuroblastoma Panel, currently offered by the NCH Institute for Genomic Medicine (IGM) Clinical Laboratory, will be discontinued and no longer be an orderable test in Epic. If Nationwide Children's Laboratory Services receives a test request for the NGS Neuroblastoma Panel after December 29, 2025, the test request will be converted to a Somatic Disease-Germline Comparator Exome test (pending clinician approval and comparator sample availability) or sent out to one of our reference laboratory partners.

If you have any additional questions about the inactivation of [NGS Neuroblastoma Panel](#),

please call Client Services at 614-722-5477.
