Important Test Announcement

B-ALL MRD DAY 29 TEST UPDATE

Test Code: MRDBM

Live Date: 2/24/2026

On 2/24/2026, the B-ALL MRD Day 29 by flow cytometry panel (test code: [MRDBM](#)) will be updated to allow for testing of patients previously treated with anti-CD19 therapies (ie. Blinatumomab and anti-CD19 CAR-T). There will be no change to specimen collection requirements, sample stability, test code, or results reporting for the updated assay. The Bone Marrow requestion will be updated to reflect this change and testing will no longer be a send-out to Hematologics.

The updated MRD day 29 panel will include the historic antibodies: CD20, CD10, CD38, CD19, CD58, CD45, CD9, CD13, CD33, CD34, CD3, CD71, CD22 and will now also include CD24, CD66b, and CD73.

Note, AML and T-ALL MRD must still be sent out to a reference laboratory.

If you have any additional questions about **B-ALL MRD Day 29**, please refer to the [Laboratory Test Directory](#) or call Client Services at 614-722-5477.
